

The end of the beginning...

The J

T

The journey . . .

The pathways of our lives . . .

*We have come so far together
Each of us unique*

Yet united as a class

Our class

The class of '95

The journey wasn't easy

Road blocks

Wrong turns

Breakdowns

Blocked our destination

We needed others

to guide us when we lost our way

to pick us up when we fell down

to put us back on track

Together we reach our goal

It is a crossroads

The path forks

Our ways diverge

Our lives scatter

*We realize that this
is not our destination*

But only a milestone

Marking the end of the beginning

The road behind us

is paved with memories

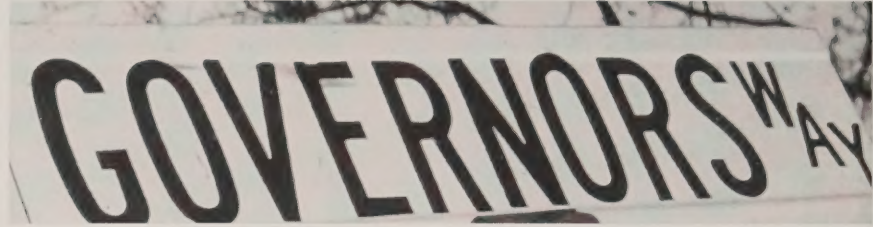

The road ahead

is paved with dreams . . .

FACULTY

Dear Mr. Graves,

Thanks for everything you did for the Class of '95. And thanks also for everything you did for everyone at Barnstable High School during your many years as a coach, advisor, teacher and administrator.

You'd be the first to say that nobody's inexpendable ... but you come pretty darn close.

Always,
The Class of '95

(Clockwise from top left): Paddling; smiling; thinking; sleeping? partying; sailing; strutting; bulldozing.

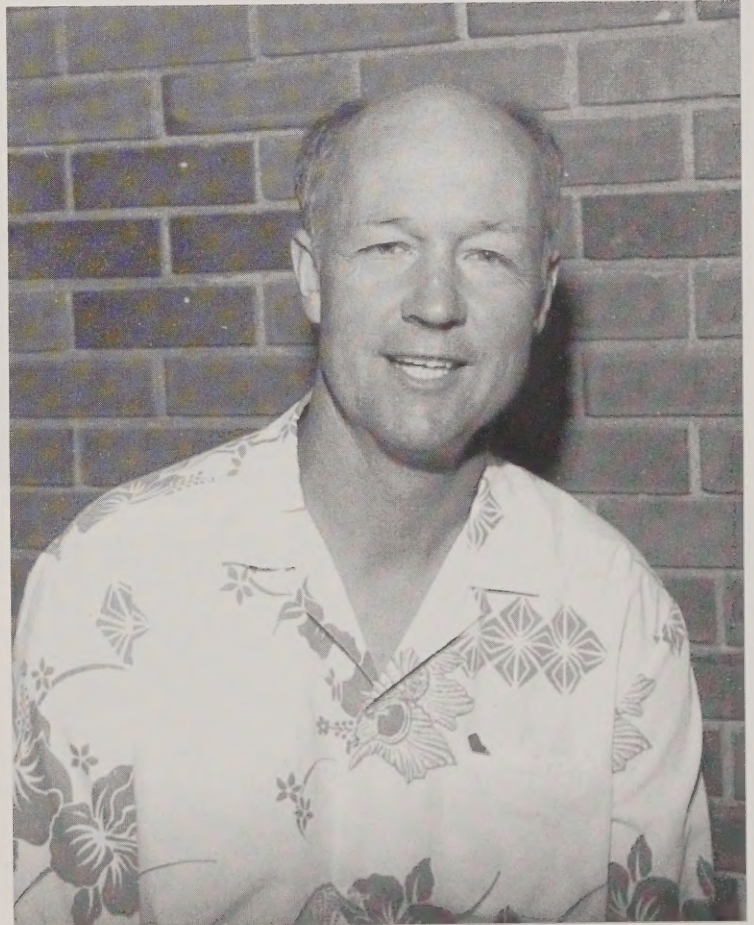

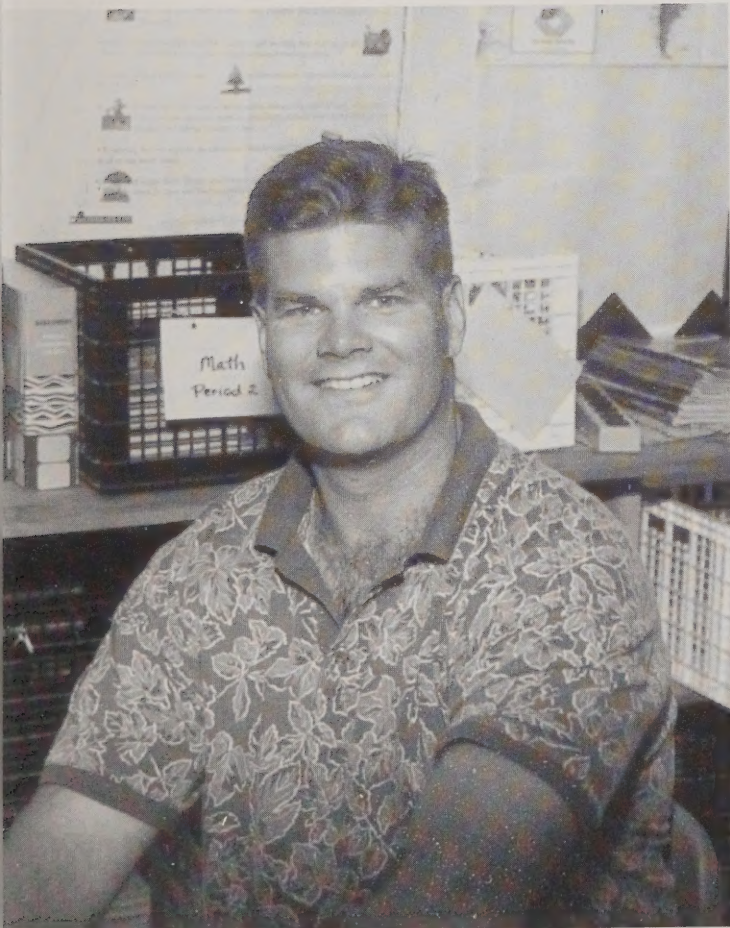

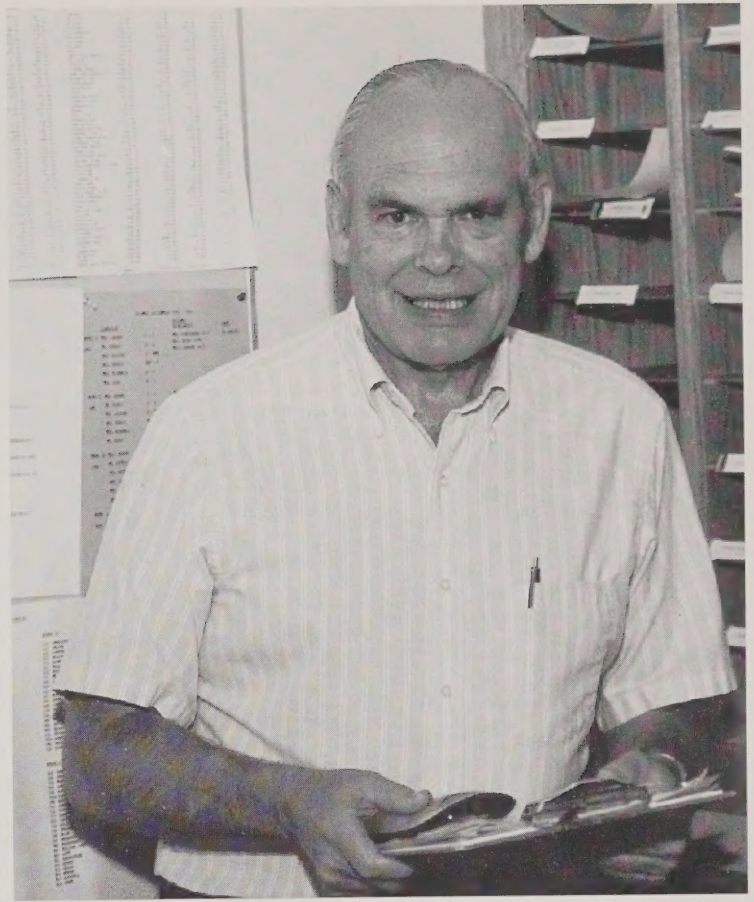

THE CLASS OF THREE DEANS

Could we have expected anyone to put up with us for four whole years?

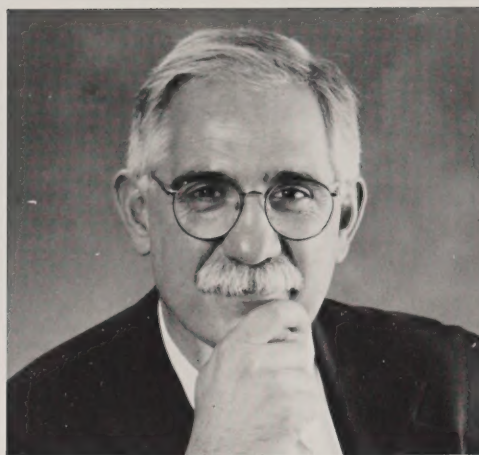

The Class of '95 congratulates Mr. Cornforth (top), who survived a record two-and-a-half years before he retired.

Mr. Bochman (bottom left) took over in the middle of junior year and lasted a few months. We scared him all the way to Braintree.

Senior year began with Dean Dean Boger (bottom right) — the only dean who allows students to call him by his first name. At press time, he's still here. Will he make it to graduation?

2. What are the top 10 tasks of an administrator?

Albert Davidian — Superintendent

Alvin Fortune — Principal

Margaret Regan — Assistant Principal

Patricia Graves — Administrative Assistant

Stephen Goveia — Athletic Director

Dean Boger — Senior Dean

Roland Hicks — Junior Dean

Dr. Nancy Vecchione — Sophomore Dean

Robert Campbell — Freshman Dean

A. 10. Spinning around in their swivel chairs all day.

9. Pulling students out of classes just to look important.

8. Checking and rechecking the staples in the stapler.

7. Referring students to other administrators, who refer them to other administrators . . .

6. Making photocopies of their faces and faxing them to everyone they know.

5. Having tea parties in the bomb shelter

4. Playing solitaire on the computer.

3. Pretending to talk on the phone when someone walks by.

2. Playing Hawaii 5-0 in the parking lot with their walkie-talkies.

1. See number 10.

"Time. Moments in time. Vivid recollections of the moments that imparted our lives and many others."

Well, it's been 4 years now, and I can still remember being a little freshman coming into this school. The best thing I can remember about this class is that everyone helped out everyone if they had problems or needed someone to talk to. This class always came through with that. With that I'd like to thank DW for helping me in school. Thanks to SM and JH for rides. Thanks, class of 95.

Woodstock '94

About 350,000 fans showed up in Saugerties, New York, to mark anniversary of Woodstock I (as it must be known) with three more days of peace, music, mud, and corporate sponsorship. Those who did not have the \$125 for the entrance tickets were able to view it live everyday. Not to mention, they received free food from their own refrigerators instead of having to pay outrageous prices for food. Besides the rain and mud, people said that they enjoyed themselves. This was truly an historical event.

The main objective of the Safe Schools Program and the Gay/Straight Alliance at Barnstable High School is to provide educational and informational opportunities around the issues of diversity and sexual orientation. Activities will focus on the theme of safe schools and student diversity and will be offered to all faculty and staff members. In addition the GSA will operate as a club, with voluntary members participating in activities to increase tolerance and acceptance of diverse populations.

BAND and COLOR GUARD

The Barnstable High School Red Raider Marching Band has enjoyed many years of successful competition. The 94-95 season was yet another success. Drum Majors Melissa Marland, Jacey Ahnquist and Eric Deandrea led the Red Raiders in their '94 show, featuring "Carmina Burana," "God Bless the Child" and "El Tigre." The band received "Excellent" ratings at competitions in Massachusetts and Connecticut and ended the season with a "Superior" rating in Norwich, Connecticut. The seniors feel their four years deserve five stars. Now it's time to move on, but memories will live forever . . . Hershey, Virginia, fruit, spicy mist, really, REALLY big hut, band camp, mud at WindJammers, lost shoes, energy, Friendly's UT, grunts, Doritos, the "Wee" cranberry festival, football games, long bus rides, march-offs, summer heat, Eyes With Pride!

ALLIANCE AGAINST VIOLENCE AND RACISM

The Alliance works towards a safe and peaceful vibe throughout BHS. Considering they are only a two-year old club, the Alliance has kept busy. Their activities include motivational assemblies, peer mediation, education about violence and racism in various elementary schools, the Walk for Harmony, and in-school workshops. Even though Ms. Rogean and Mrs. Mason serve as advisors, these kids are the decision-makers, with a little inspiration from David Adams and Jeremiah Anderson, the co-presidents. giving."

Girls Cross

Country

With a record of 9-0-0, the 1994 Barnstable girls cross-country team was the first in the school's history to run undefeated in the Old Colony League.

Training began in August, with nine team members traveling to Connecticut for a week at the Winged Foot Running Camp. Upon their return, double sessions began. The girls improved their speed, strength, and endurance

through distance running, weight training and stretching techniques. Once the season began, distances were reduced to avoid overtiring the runners. Home meets took place on a 3.1 mile course at Hathaway's Pond.

The undisputed highlight of Barnstable's winning season was the race against Falmouth. It was the last meet, the toughest opponent, the traditional rival ... and both the league title and Barnstable's flawless record were at stake. Barnstable rose to the occasion, pulling off a narrow victory, 27-29.

The season's only major disappointment came in the State Class meet. Coach Don Smith explained, "It was the first time we had a chance to qualify for the state meet. We were rookies. Now we have to learn from that and try again next year."

Speaking of next year, what is the potential of the girls team once the seniors graduate? Says Cape and Islands Coach of the Year Smith, "We'll miss the seniors, but we ... have the basis for a very strong team. Ellen ran well, and I think Kay and Tammy have a lot of potential. What I would really like to see happen is for the juniors — Casey and Georgina — to really break through next year."

Barnstable's top runners this year included Jessica Johnston, Heather McLane, Michelle Giddings and Beth Murphy. Johnston and McLane were named to the O.C.L. All-League Team, while Giddings and Murphy made the second team.

Boys Cross

Country

With a 5-4 record, the boys cross-country team was very satisfied with the season. They worked hard under the guidance of their coach, Don Smith, and were rewarded with a strong second-place finish in the Old Colony League meet.

The squad, led by senior captain Alex Wells and sophomore All-Star Mike Merrill, came close to beating perennial powerhouse Weymouth. By claiming first (Merrill), third (Wells) and fifth (Brunelle) in the dual meet, the boys made a strong effort, but fell to Weymouth in the end.

The team had an exciting chance to compete against Matt Downia and John Mortimer (the top two high school runners in the nation) at two large invitational meets.

Top runner this season was sophomore Mike Merrill, who finished with the sixth best Barnstable time ever at Hathaway's Pond. "The team expects big things from Merrill," says captain and team Yoda Alex Wells. Other promising runners include freshmen Mike Robichaud, Jake Klimm, and Ed Murphy. Next year's captains, Mike Merrill and Mike Hourihan, should be ready to lead their team to challenge for the Old Colony championship once again.

Field Hockey

The field hockey team fell one point short of qualifying for the state tournament, finishing the season at 4-5-9.

Coach C. J. Bernal thought very highly of her first season. "We improved a lot as a team as the season progressed," she said. "We began to anticipate each other's play and we made opportunities happen."

The forward line of the team, consisting of co-captains Lisie Antkowiak and Jessica Paddock, Amber Vec-

chione and Heather Scarpato worked well together throughout the season and were supported by midfielders Jessica Jackson and Tracy Beckel. The defense was led by Brandyn Hart, Lindsay Bunnell, Kelly Mimmo and goalie Shannon Bryant.

Both Brandyn and Shannon were named Old Colony League all-stars as well as being selected to the second team of the Cape and Islands. Shannon was also named to the Boston Globe's second team.

What were the Raiders' best games? Coach Bernal named the contests against D-Y and Falmouth (both home and away).

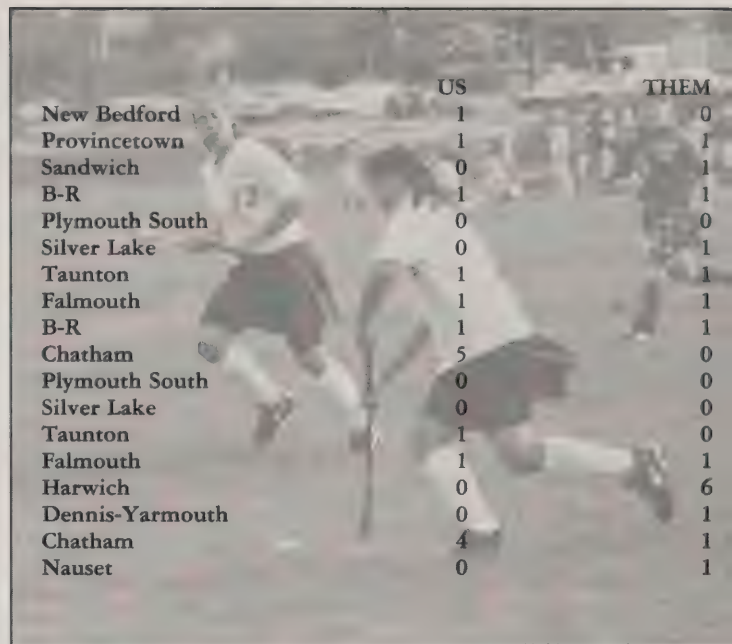

"The best game we ever played was when we were away at Falmouth," said Jessica Paddock. "We yelled and played like we were the number one team." Jessica also named D-Y and Silver Lake as the team's best games.

"D-Y was one of the strongest teams we had to play," agreed Lisie Antkowiak. "Even though we lost by a goal we played well as a team and proved ourselves to our opponents."

What were the strengths of the team? "Our defense was extremely strong, which made it very difficult for the other teams to score on us," said Coach Bernal. The defense held its opponents to 17 goals throughout the season and goalie Shannon Bryant had six shutouts over the course of the season.

Despite their record, the field hockey team improved themselves in many ways this season and hopes to use these skills next season in a return to their tournament days of the past.

Football

This truly memorable year did not begin with the first snap of the first play of the first game, as the crowds might think. For the players, the fighting heart and overwhelming team unity that drove the Red Raiders to Super Bowl contention began in late August during captains practices and double sessions. Unfortunately, they fell short of their Super Bowl bid with a loss to Falmouth that will not easily be forgotten by all who experienced it.

In order to bring the team together prior to the non-league matchup with Bishop Stang, Coach Guimond, a newcomer to the staff, shredded his old Bishop Stang jersey in a heartfelt display of his new "Raider Blood."

After the two non-league losses to Bishop Stang and St. John's Prep, Barnstable began the OCL season with a win at home versus Weymouth. Next, a loss to North Quincy was the first of the season's two turning points, stated Head Coach "Spanky" Demanche. "The loss to NQ put us in 'win or out' mode in terms of league contention," the fifth-year head coach explained.

The other turning point came against Bridgewater-Raynham. Entering the game, the 2-3 Red Raiders were a severe underdog to the undefeated 5-0 Trojans. Junior fullback/linebacker Mike Duffley recalls that "the B-R week was when we turned everything around and proved ourselves as relentless fighters." But that would not be proved until the third quarter, as Barnstable pulled out 28 second-half points for a 28-14 victory. "We were full of pride, heart and determination. When other teams would've given up, we pressed on," commented senior linebacker Joe "Cheese" Colebourn.

Including B-R, Barnstable rolled through four consecutive wins. It was this "resiliency" that would characterize them throughout the entire season and be at the center of several come-from-behind victories. "They never believed they were beaten until the clock was at zero," says Coach Demanche.

As always, in the background of the entire season was the rivalry with Falmouth. This year it would be more dramatic than ever because the winner would make the first-ever trip by a Cape team to the Big Dance, the Super Bowl. As Thanksgiving approached, the players looked towards Coach Titus, the almighty offensive football guru, for an offensive plan that would sink the Clippers. In a game that lived up to all its billing and hype, the Red Raiders fell. Falmouth used speed to take advantage of the Raiders' lack of it. When asked to reflect, most of the players preferred not to comment on Turkey Day.

The coaches credit the team's success to the unity between players and their ability to overcome obstacles. Senior linebacker and Co-Captain A. J. Langston said that "when obstacles occurred, we found people to fill positions ... and I hope the heart displayed this year carries into next season." With eight underclassmen already starting on the line, next year looks promising. Senior defensive end/wide receiver Matt Paddock summed up the '94 Raiders: "We were a lot closer than past years, which helped in close games. Later in the games we had more confidence because we knew each and every player was there for each and every player. I won't ever forget it ..."

Neither will anyone else.

Some may believe cheerleading is an easy activity, but ask any member of the varsity team and they will tell you differently. "Cheerleading is an involved sport. It requires talent, dedication and many long hours of hard work," say senior co-captain Laura McEachen. As four-year member Jillian Morse says, "Cheerleading isn't just about bouncing up and down, yelling for the team. It requires skills such as acrobatics, flexibility, coordination and rhythm to perform the cheers, as well as the jumps, mounts and dances that go along with it." A great deal of time goes into perfecting these skills. With practice five times a week for over two hours daily, plus the Friday or Saturday football games, these young women have definitely made a commitment to their sport. Traveling to away games on a school bus for hours with the football players and cheering in below-freezing weather with rather short skirts may seem like the downside of cheerleading, but the girls never show it. "Each game is so exciting regardless of the long trip or weather. It all just adds to the game," says co-captain Lindsey Smith.

Although the girls give so much time to practice and games, they still manage to make time for school. With two-thirds of the squad on the honor roll, and Amy Johnson and co-captain Lindsey Smith both members of the National Honor Society, this squad not only has the talents, but the brains too. When Amy Johnson talked about what it takes to be a member of this team, she said, "Dedication is the key to success on this squad. We've had a lot of ups and downs this year, but we worked hard not to let them affect our cheering." One of the downs came early in the year when their coach, Ms. Theresa Campedelli, took maternity leave, leaving the squad without a coach. Fortunately, soon after, Toni Gomes filled the position with her enthusiasm and spirit and led the girls through their paces.

The Red Raider cheerleaders have done a spirited job upholding the school's motto of pride, honor, and respect, while cheering the Barnstable Red Raiders on to victory.

For the fourth year in a row the BHS golf team dominated the OCL, capturing the crown with a glittering 14-2 record in the league and an 18-2 mark overall. Their near-perfect season ended with the BHS swingmen tied for second in the state.

The only significant downfall came midway through the season in an upset loss to North Quincy. "We weren't mentally prepared for the game and our overconfidence hurt us — it was bad because we wanted to go undefeated this year," explained senior Adam Chase.

The Raiders, however, quickly turned things around during their biggest match vs. arch-rival Falmouth, when they rallied to bring home the OCL crown. Senior Mark Gent said he remembers the day well: "It was a tight game all the way but our depth prevailed. We were really happy with the win."

What makes this team so successful? "Satori," according to Coach Kingman, which is a magical state where the golfer is "in the zone." In addition, key players such as Adam Chase, Mark Gent and Chris Trimble playing with notable consistency have also proven a bit helpful.

This year's team also featured three strong underclassmen, Dennis Konary, Matt Scioletti and Drew Scioletti, who will all be back next year to defend the OCL crown. Their depth and ability will be tough to conquer as these Raider golfers embark on another quest for the state title.

Girls

Soccer

Was the success of girls soccer a big surprise? According to Coach Wes Shrum, it was: "I thought we would win 12 or 13 games, not 15!" The Raider girls completed the regular season with a 15-1-2 record, placing them second in the Old Colony League and eighth in the state. Not bad considering that the girls soccer program began just five years ago

Their only loss came against Falmouth (ranked third in the state) early in the season. Although Falmouth was a tough team, this 2-0 loss was still a disappointment for Barnstable.

Senior midfielder Nicole Way, however, claimed that the loss "motivated us in our next games because we didn't want any more games to turn out with the same result."

Although Barnstable only lost one game, many of their wins throughout the season were exciting. The girls scored three quick goals in the last six minutes to break open a game against powerful Silver Lake. "They never gave up," said Coach Shrum of the Silver Lake game. Another sweet victory was when Barnstable beat Bridgewater-Raynham for the first time ever. It was a tough game, but in the end, Barnstable left with a 1-0 victory. Most important was putting the blemish on an otherwise perfect Falmouth record with a 1-1 tie in their second meeting. Sarah Johnson scored the Raider goal, while Falmouth's goal came from a penalty kick.

The Raiders were led by nine seniors (five of whom had played varsity since freshman year) as well as many talented underclassmen. Defensively, senior goalie Tania McIntyre (tri-captain and OCL All-Star) notched 11 shutouts and many crucial saves. Seniors Amanda George (tri-captain and OCL All-Star), Samantha Karras, Courtney Glista and Valerie Lynch anchored an ironclad defense that surrendered just eight goals in eighteen games. The midfield contained the great speed of senior Nicole Way (tri-captain) and the exciting ball-handling skills of junior Christine Fauton (OCL All-Star). Also contributing to the midfield were seniors Susan Oberton and Jill Martins. Leading the offense as strikers were senior Sarah Johnson (All-Star) and sophomore Vickie Shalian, who tallied 19 goals this season.

Boys

Soccer

This year's boys soccer team finished with a record of 2-14-2. Despite the disappointing season, captain Dan Farrell said, "Our record was misleading because we were in every game until the end, and if we got a few breaks we could have won a few more."

The team was going through a rebuilding year after losing many players to graduation. First-year

coach David Doherty did a terrific job and was well liked by his players. He was able to bring about a fresh attitude about Barnstable soccer that has not been around for a long time, according to his players.

The spirited Raider team was led by a great group of seniors. Co-captains Farrell and Greg Powell masterfully led the team on and off the field. Mike Medeiros, Mike Kelleher and Ryan Lentell led the front line, while Tom Hanifan, Adam Prentice, and Bryan Pelzarski anchored the defense. Co-Captains Farrell and Powell roamed the midfield, while junior Ian Brady, along with Mike Medeiros, took over the goalie position after junior Mark Rose was injured for the season during the Silver Lake game early in the year.

The team's power, according to Coach Doherty and his players, emanated from the all-powerful "VOIT" soccer ball. "The ball helped us when we were down," said Powell. The VOIT, with its mystical powers, helped the team (especially the seniors), play way above their normal ability because of its all-consuming power.

The Red Raider team should brighten next year, given the talent of the underclassmen. Juniors Ceamus McDermott, Matt Stevens and Ian Brady can only improve with the comeback of Rose in goal. The team will also feature a talented group of sophomores next year who will develop into all-stars in years to come. They will feature a super defense and a blitzkrieg style offense that will make defenders shudder.

Volleyball

Success and strong teams have become the norm for head coach Tom Turco, whose team finished the regular season at 18-2 and clinched yet another Old Colony League title.

"Our team was strong because of the way we worked together, not as individuals," said sophomore Lindsay Bateman about the 1994 volleyball team.

After winning the state championship last year, this year's squad knew it had some pretty big shoes to fill. "This team was much younger and came into key roles with little experience," said Coach Turco.

An impressive late season win over five-time Division II state champion Medway put all the doubters in their place.

Junior Mindy Nichols noted that the key to success against Medway was the team's ability to stay focused: "Being mentally prepared to play helped us win."

Turco's motivational techniques helped keep these girls determined throughout the entire season. Using their few losses, Turco would push the girls in practice to working towards correcting the mistakes which caused the losses.

The Raiders must have been focused all year, as they only lost two regular season games, one to non-league foe New Bedford and the other with perennial O.C.L. rival North Quincy. Turco chalked up the loss to North Quincy to lack of experience, as several costly errors were made. However, he used both losses as motivators throughout the remainder of the season. "Losing, if handled properly, can be beneficial," the coach stated.

The Raiders' quest for a second state crown was cut short in the South Sectional finals. After breezing through their opening tournament matches against Durfee and Brockton, they moved on to Wheaton College for their long-awaited rematch with New Bedford. Unfortunately, an ankle injury acquired during practice the day before the game had left Katie Allbecker at less than 100 percent. The determined senior, however, never gave up and made up for her slight handicap with desire and dedication. Despite her gutsy performance the Raiders lost the finals, 3-0.

And what do the cards hold for next year's team? According to Coach Turco, "We could have one of the strongest teams I've ever had *IF* the returning players are committed in the off-season and *IF* we develop a setter to fill Michelle's (Cunningham) position and an outside hitter to fill in for Katie (Allbecker). They are great players and will be missed."

Certainly the athletic play of O.C.L. All-Stars and co-captains Michelle Cunningham and Katie Allbecker will have a noticeable absence. But with returning O.C.L. All-Stars Cathy Harrington and Mindy Nichols, the Raiders should make another run at next year's state title.

Improving on an 18-2 O.C.L. Championship team will be hard, but leave it to the volleyball team to do it.

— Nicole Way

Girls

Basketball

The girls basketball team had an excellent season last year, reaching the third round of the tournament, but is aiming for an even better one this year. Senior co-captain Lisie Antkowiak feels that this year's team "has even more experience playing together, and we are used to each other, we get along, we work, and we win. We are more confident and have even more desire."

The Raiders made it to the tournament last year, but were ousted by top-seeded Norwood. They hope to go deeper into the tournament this year. At the present time they are soaring, with a record of 11-0.

Last year, as juniors, co-captains Tania McIntyre and Antkowiak played a large role in the success of the team. Tania was the league's Most Valuable Player last year, while Lisie took Honorable Mention.

Tania scored her 1000th point against Attleboro in a state tournament game last year, becoming the first BHS girl to reach that milestone and only the fourth BHS player ever. This year she broke yet another record when she scored her 1199th point, which broke the all-time scoring record. Tania is "glad that the record belongs to the girls basketball program."

Junior Christine Frauton, is another great asset to the team. "She gives 110 percent all the time and is an outstanding scorer," said senior Amanda George. Last year she was a league all-star and is destined for greater awards in the future.

The girls on this team have a great attitude. "We're enthusiastic to play the game and to play together. We handle the hard work and stress by making our practices and games fun," added Antkowiak.

What are the team's goals? "Win the next game and perform better in the next game than you did in the last," said Coach Keith Clarke. "If this team is able to reach its full potential it will be the greatest basketball team, male or female, ever to represent BHS. The talent and positive attitudes of its players are exceptional. I hope the students and faculty recognize their greatness and, acknowledges them for their effort, accomplishments, and Raider Pride."

Mickey is a punishing low-post force as well as a terrific outside shooter who has passed Dennis Fisher as the all-time boys leading scorer.

The Fein brothers are surrounded by a great supporting cast. Anthony and David Adams, both juniors, offer quickness and intensity on both ends of the court. Juniors Jon Sproul, Haskell Kennedy and Lawrence Brown are ferocious rebounders and intimidating inside forces.

Senior guards Jeremiah Anderson and Jeremy Costa bring "intelligence and explosiveness" to the Raider back court, according to Costa. Juniors Matt Scioletti and Brett Gilmore and Sophomore Mike Griffin provide strong play off the bench.

The keys to the Red Raiders' season are "our transition offense and team chemistry," according to Fein, although the Raider co-captain warned "our set offenses and defensive intensity might cause us problems."

New coach Kevin Turner (B.H.S. class of '85) will call the shots on this young Raider team, and as Sproul says, "It took a few games for everything to click. Everybody had to get used to their role. Now everybody knows what they need to do to have a great season."

With a new coach and a potent offense, this season could prove to be an exciting one for Barnstable basketball

Our goal is to win the league and get a high ranking in the state tournament," senior forward Mickey Fein said of this year's boys basketball team.

The Red Raiders are led by the dynamic Fein brothers, Shaun and Mickey. Shaun, a junior guard, gives the Raiders a constant three-point threat and superb ball-handling.

"Who rocks the house? The Raiders rock the house!" scream the Barnstable cheerleaders. With their bright smiles and loud voices, this squad did a great job in bringing out the winning school spirit at Barnstable High in the fall and the winter.

Some may believe cheerleading is an easy activity, but ask any member of the varsity team and they will tell you differently. "Cheerleading is an involved sport. It takes talent and dedication," says junior co-captain Karyn Brown. Many skills are required, such as acrobatics, flexibility, stamina, coordination and rhythm in order to perform the cheers. These cheers aren't simply yelling; they include jumps, mounts, dancing and gymnastics. The cheerleaders spend many hours practicing to perfect these skills. With practice five days a week for two hours and twenty games a season, these girls display definite commitment for their sport.

These spirited girls have cheered for many successful boys and girls basketball games. During time-outs, the cheerleaders entertain and excite the crowd with a short cheer. Then the squad wows the spectators with their loud voices and acrobatic moves during their half-time show. Throughout the game, the cheerleaders keep the crowd yelling and supporting the basketball team. With the help of their new coach, Ellen Botello, the squad has incorporated many new cheers and breathtaking moves.

The Red Raider cheerleaders have done a spirited job upholding the school's motto of pride, honor, and respect, while cheering the Barnstable basketball teams to victory.

Matching last season's record of 10-2-1 will be tough for the B.H.S. gymnastic team, but they are hopeful. Coach Steve Francis is looking for at least a .500 club: "Realistically, we won't be in contention for the league championship, but we should be a very good team." This seems odd because most B.H.S. gymnastics teams have either been league champs or close to it; the gymnastics team won the Pilgrim Conference Division 1 only a couple of years back and has a winning percentage of .750 over the last four years.

When asked who she thought would contribute to the team, senior Nicole Way replied, "The freshmen will play a key role. Jill Renzi, a sophomore who was injured last season, and Carleen Carpenter, a junior who has had much competition experience, will also help the team a great deal."

The Raiders will encounter several tough teams this year. According to Francis, their strongest competition will be "Randolph, Weymouth and Plymouth," but, he adds, "we hope for a respectable showing."

What are Coach Francis' expectations for the future? "We hope to build a strong, consistent program that will generate enthusiasm and many spectators."

Again our gymnasts are looking forward to a great season and many more to come. Even with only one senior, it's certain that the team will continue its tradition of success this year and in the years to come.

— Valerie Lynch

Hockey

This year's ice hockey team has a record of 3-11-1 at press time. The record reflects inconsistency; after going 0 and 5, the Red Raiders finally woke up and won three straight; then they ran into their next slump. Co-captain Adam Chase said, "After a slow start we decided we should start giving more effort in practice and in games and it has paid off."

The hockey team know that '94-'95 would be a rebuilding year after losing many players to graduation, but as always, Coach Peter Melchiono has

done a terrific job making this team competitive, despite the dismal record. Working along side Melchiono are coaches Scott Nickerson and John Anderson, Bobby, Danny and David Kelly and C.B. Aguiar, who also do a great job.

The spirited Raider team is led by a great group of seniors. Captains Adam Chase (defense), and Jared Dwyer (goalie) lead the team with their great abilities. The front line is led by Mike Kelleher, Chris Graham and Nick Murphy, while the defense is anchored by Chase, Doug Sipiora and Rick Rohrbach, with Dwyer in goal. Chase's fine season earned OCL All-Star recognition.

There are many strengths to the Red Raider hockey team, but according to the team, the biggest keys to their success are their rookie managerial team — consisting of seniors John Peterson and Mike Medeiros — and the team unity. The members of the team are all friends and enjoy playing as a team out on the ice.

Another key to the success of the Raider team is the strong talent of the underclassmen. There are many juniors, sophomores and freshmen who have shown that they can play with the best Division 1 high school hockey teams in Massachusetts.

With the season now over, the team has lost its shot at the state tournament. "I feel that we are a playoff caliber team," said Graham, "but this has not been a lucky year for us. And if we really want to win I believe we can do it!" Mike Kelleher agreed: "I think we have had a successful year despite our record. We always have a terrific time when we hit the ice."

"The whole team consists of a bunch of great friends; we all like hanging out together and putting on a show on game nights," added senior Nick Murphy. The whole team has a positive outlook on the rest of the season and is looking forward to finishing with some style and going out with a bang!

With dragging feet I finally make it to yearbook, the last class of the day. I sit down in the rolling chair, the most covered seat in the room. Closing my eyes and breathing deeply, I hear the sounds of a major project finally coming together. I smile and jump from my chair to take my place in the commotion. I smile and jump from my chair to take my place in the commotion.

"Keys, Mr. O'Toole!" comes the familiar shout. Everyone needs the keys to enter the sacred closet. This time it was Nicole Way, one of the sports editors, trying to locate the football candids that everyone knows were taken, but no one can seem to find.

This year's sports section was put together by a team of six people, led by sports editors Amanda George and Nicole Way. All of them were "on the ball" with articles and photos. Sports is a favorite section of the book; years down the road some rickety old grandfather is going to have to prove he really played basketball for the Raiders in 1995!

From another section of the room the keys come flying again, this time to Caitlin Mcallister, my partner in crime; both of us edited the senior section. We worked with five people to arrange the senior photos and write-ups just so. Of course, in forty years no one will be able to understand anything they wrote, anyway. Seniors seem to invent their own language for write-ups; between initials and abbreviations the paragraph begins to look as if it's written in hieroglyphics. Who's going to remember that "PNatLMsw/JFRMTL" means "Pizza Night at Luke Marshall's with Joe, Fred, Rick, Matt, Tom, and Lisa" and not "Partying at Linda M's with Jelly, Fries, Rats, Mosquitoes, Toes, and Life?" Or how about "TDCS?" "Two dumb cow shoes?" "Too dumb can't sing?" Nope! "Tedeschi's!"

Yet again the keys soar through the air from the faculty section (where people are forever cropping pictures) to the underclassmen section (where the junior editors put up with all our jokes about them) and finally to the advertisement section (which we always need contributions towards, hint, hint!). A team of students works on each section and is forever fighting for croppers, the phone, pens and if all else fails, the keys!

As with any well-run and organized project, one entering our domain can be sure to hear frantic yelling: "WHAT PICTURES?" "Where's the cropper?" "Why do we have to have underclassmen in the yearbook?" "DEADLINE!" "You put it where?" "Has anybody seen the _____ (fill in: A. senior pictures? B. sports candids? C. keys? D. teacher? E. superlative sheets? F. cover photo?)" and my personal favorite "I'm a velociraptor!" — our advisor sometimes thinks he's a dinosaur . . .

When the bell rings at 2:20 p.m. we are eager to get out of school for the day. Things magically find their way back to their resting places, only to be searched for tomorrow.

It amazes me that even though no one ever looks as if we're working too hard and nothing can ever be found, the book is moving along quickly; in fact it's being pulled together faster than any before it. This year's staff is pulling it together and getting it done and that's what yearbook is all about.
